## The Romance of Polki

*Step into a world of jeweled shadows, of boisterous laughter and hushed giggles, of unadorned joy and sentimental tears, of unscripted moments that become a lifetime of memories. Tanishq's polki collection is an ode to the event called weddings.*

*Designed to flatter, yet appeal to all the women, this collection breathes new life into a bride's trousseau and a coquettish charm to every gesture she makes. In a world where spark and sparkle come face to face with rich tradition and personal flair, you can't help being swept off your feet and falling in love.*

*Dancing with wildflowers in our hands*

A group of women in elegant, shimmering evening gowns are captured in motion, dancing at a formal event. The dresses are long, flowing, and feature intricate details like sequins and lace. The scene is lit with warm, golden light, creating a glamorous and festive atmosphere. The women are seen from the waist up, with their arms and hands visible as they move. The background is dark, making the bright colors and textures of the dresses stand out.

A photograph capturing a moment of preparation, likely for a wedding. In the foreground, a white dress with voluminous, ruffled layers is draped over a surface. In the background, a woman wearing a light pink, sleeveless dress with intricate gold embroidery is adjusting a brown and white floral-patterned dress on another woman. The woman being dressed is wearing gold jewelry, including a bracelet and a ring. The setting appears to be an elegant room with a gold-colored lamp and a bottle of perfume visible in the background.
